Exhibits installed at IUCr 2017 Exhibition must comply with the rules and regulations of the exhibition. In the event that an exhibitor or exhibit activity are in violation of the exhibition rules and regulations or are not consistent with the standards of the exhibition, Organizers may require the exhibitor to alter the exhibit either before the exhibition or on-site. Necessary changes are to be made at the exhibitor’s expense and are subject to approval.

All exhibition matters and questions not covered by these rules and regulations are subject to the decision of Organizers. These rules and regulations may be amended at any time by Organizers. The original rules and regulations, as well as any amendment to the original rules and regulations, shall be equally binding to all parties. In the event of any amendment or addition to these rules and regulations, written notice will be given by Organizers.

AISLES
Displays must be confined to within the exhibitor’s booth and must not be designed to obstruct the clear view of other booths or interfere with the flow of traffic - example: video monitor(s) should be placed where visitors viewing the monitor(s) do not block the aisle.

This clearance is for access to electrical and utility outlets between the abutting back walls.

This may also lead to removal of the exhibitor’s booth from the floor without obligation on the part of Organizers for refund of any fees. The exhibitor, their employees and agents, and anyone claiming to be on the exhibit floor through the exhibitor, waives any rights or claims for damages arising from enforcement of this rule.
